## Training for the trainers who will train the community policing officers delivered.

During 22-25 October 2018, at the Academy of Security it was delivered the ToT training for the trainers who will train the community policing officers.

The training was organized in such a way to provide adequate knowledge on the methodology, best practices and methods to implement the Community Policing philosophy in the Albanian context.

The training of such trainers is of special importance due to the fact that these trainers will deliver training to the CP officers on the CP topics in all the Local Police Directories.

## Training of experts of the sectors of Strategic Analysis, Monitoring, Planning and Evaluation for Kukes and Elbasan LPDs, delivered

Following the ongoing training of the newly created sector of Strategic Analysis, Monitoring, Planning and Evaluation (AMPE), was delivered from October 30 to November 2, 2018 the second training of the experts of these sectors for LPDs of Kukes and Elbasan. The PMT experts addressed a wide range of topics that were grouped into the following modules: Basics of Statistics, Use of Excel/Excel Spreadsheets; Extraordinary Police

Operations; monitoring, evaluation, reporting. In addition to theoretical topics, the experts of these sectors were trained practically for drafting strategic documents, weekly and daily reports as well as various analyses. This training will be followed in the coming months by continuous on the job training in the respective DVPs.

EMP expert Mr. Frank Harder brought the experience of German police in this regard Participants appreciated the format and content of training

## Awareness meetings on the DV and gender based violence.

On 24th of October 2018, the Women Forum of Elbasan started the awareness campaign for the high school pupils of "Sami Frasheri", Belsh.

In the meeting took part 84 participants, in addition to the youngsters there were also two community policing officers, the DV coordinator of Belsh municipality, the head master and one of the teachers.

The main purpose of these awareness meetings was to inform the young pupils on the domestic and gender based violence, public safety and partnership between police-citizen. It also aimed at encouraging them to undertake initiatives in their community where they live in order to change the mentality and educate their peers on the gender roles and gender equality.

In the framework of this Project financed by SCPA are foreseen 40 such awareness meetings in the secondary and high schools in 4 administrative units of Belsh,

respectively: Grekan, Kajan, Fierzë and Rrasë

### Activities in the framework of Grants Scheme.

During October 2018, the grant scheme included a great number of activities and a large geographic coverage. Some of the most important activities were:

1. Awareness meeting on CP in the high school "Myslym Keta, Tirane, organized by the NGO "In the family, for the family" in the frame of the project "Strengthening Community Policing in the rural areas of Tirana with the participation of Commissariat no. 6 CPOs, municipality of Tirana , general patrol officers, teachers and pupils;

2. In the framework of the project "The police officer is my Friend", the pupils of "Xhaferr Hakani" school and youngsters (14-16 years old) made a visit on October 11.2018, to the Local Police Directorate of Elbasan. This activity was organized in cooperation with the representatives of the Local Police Directorate and the CPO of the area.

3. The NGO "Alpin" organized several awareness meetings with the pupils of Different schools of Tropoja municipality. In total participated 95 pupils, in addition to the two CPOs, school headmasters and teachers.

4. The Civil Society Development Centre (CSDC) of Durres organized a workshop on 29.10.18 at the cinema "Aleksandër Moisiu", Kavaje. The topic of the workshop was "Preventing cyber-crime, violent extremism and radicalization". There participated 57 youngsters form the high schools of Kavaja and the administrative units Synej and Luz i Vogel.

### Presentation of the LSMS Findings for the Elbasan District

On October 11, 2018, in the premises of DVP Elbasan was presented the survey findings conducted in the Elbasan region to measure the perceptions and experiences of citizens on safety in the community where they reside. The questionnaire consisted of 5 topics. This survey was conducted in 6 police areas in the city of Elbasan and in all commissariats of LPD Elbasan. The results were compared to the national average and displayed through the semaphore system. The results will serve as a basis for the work of police officers for each police area and will be compared after 6 months following a new measurement to see the progress achieved.
